

Sibling

Grief

How does babyloss affect siblings?

“We have an understandable
impulse to shield children
from painful realities”

Where is my baby sister/brother?

"children will often 'set aside'
bad news on issues they don't
understand only to revisit it
again and again to digest in
small bites what they don't
understand."

In the eyes of a Sibling

What memories
do I think about if I
didn't even meet
her?

The one who
nearly didn't
make it

● Faith my shooting star

Always be in my heart

I wish you didn't have to leave

Think you were perfect and beautiful

● Hope you are happy in heaven
