

## Summer Fundraising Ideas

As the weather warms up, below are a few ideas for making the most of it whilst fundraising:

- **Odd jobs** - are you able to help family, friends or neighbours for a donation e.g lawn mowing, gardening, car washing, general DIY.
- **Car boot sales** - a great way to de-clutter and raise some money (it's more more enjoyable when it's not raining!)
- **Local fetes** - schools and community venues may be holding these in the coming months and you could request a stall to run a game or sell some crafts.
- **Sweepstakes** - in addition to holding a sweepstake about your own challenge, you could make the most of all the upcoming sporting events and hold a sweepstake at work or amongst family and friends. Choose the sport - football, rugby, cricket, tennis. You can find simple generators online and then ask for a donation to take part.
- **Garden Party or BBQ** - hold your own summer party and ask family, friends, neighbours and colleagues for a donation to attend.
- **Sports day** - recreate memories with a classic sports day, get everyone involved and ask for a donation to attend.
